

Mira AC Charger

Mira is an intelligent AC charger for residential charging use which features a smaller size design with a maximum output of 7kW which is more suitable for residential use. Mira adopts user-friendly design, that is convenient to use and easy to install and maintain. It also aims to save on energy consumption and energy costs, just enjoy the simple use of the Mira AC charger.

Specifications

Mira Home Charger		
Rated Power	7kW Socket Version	7kW Cable Version
Application scenarios	Residential / Commercial Use	
Input/Output Voltage	Single-Phase 230V(±10%)	
Input/Output Current	32A	
Weight	2.35KG	2.5KG
Protection Rating	IP55/IK09	IP65/IK09
Dimensions	W200*H385*D145	
Frequency	50Hz/60Hz	
Connector	IEC Type2	
Cable Length	/	5m (3m,7m optional)
Charging Status information	LED	
Charging Mode	Plug and Charge/ RFID/ App	
Metering	On-board metering (level B, ±1%)	
Installation	Floor-mounted/ Wall-mounted	
Protection Function	Overcurrent protection, overvoltage/undervoltage protection, lightning protection, short circuit protection, ground fault protection (built-in PEN fault device, support UK PEN Fault protection) etc.	
Operation Temperature	-30°C-55°C	
Operating Altitude	<2000m	
Relative Humidity	5%-95%	
RCD	Built in Type A + DC 6mA	
EMC	Class B	
Certification	CE/ TUV mark/ RCM/ TR25/ UKCA	
Color	Silver	

€ Dimensions

The shell dimensions of cable and socket are the same
